IMPROVE SAFETY AND COMMUNICATE BETTER

Regroup

A SEAMLESS AND RELIABLE MASS NOTIFICATION SYSTEM LIKE REGROUP IS A VITAL TOOL FOR THE EDUCATION SECTOR.

Founded at Stanford University in 2006, Regroup Mass Notification provides an easy-to-use communication solution for schools, colleges and universities. It's our origin in higher education that gives us a unique perspective on the challenges that schools face when trying to communicate on a day-to-day basis, as well as during crisis situations such as severe weather, natural disasters or violent events.
