REGROUP FOR **GOVERNMENT** AND **PUBLIC SERVICES**

Regroup

A SEAMLESS AND RELIABLE MASS NOTIFICATION SYSTEM CAN HELP YOU COMMUNICATE BETTER AND KEEP PEOPLE SAFER

Since 2006, Regroup Mass Notification has kept people safe, informed and productive. Our multi-channel communication solution allows you to reach citizens, employees and visitors no matter where they are in the community. During emergencies or for everyday use, Regroup is the communication solution that delivers.

"The system is extremely easy to use. We are surprised at how easy it is to train new employees to use the system. Regroup is user-friendly,straightforward, and is a common sense platform."

Michael Bean
Emergency Management Coordinator for Adams County, Colorado.

POLICE & FIRE
Keep everyone within your department informed on critical information and communicate with your communities better than ever before.

CITIES & COUNTIES
Communicate with citizens better and faster in the event of an emergency while engaging your community in more meaningful ways every day.

CORRECTIONAL FACILITIES
Keep mobile workforces informed and safe, manage shift changes and staffing shortages, and reduce the overall costs associated with your communication plan.

UTILITIES
Our robust platform helps you overcome communication challenges with dispersed workforces, while at the same time reducing overall costs and increasing ROI.

TRIBES & NATIONS
Quickly alert your entire community and collaborate with council members and responders to keep networks connected and safe at all times.

REGROUP'S POWERFUL FEATURES MAKE IT AN ESSENTIAL TOOL TO RESPOND TO EMERGENCIES AND USEFUL EVERY DAY.

✅ **Send & Receive Anywhere:** Broadcast your message via email, text/SMS, Regroup's mobile apps, desktop notifications, voice calls, digital signs, PA systems, websites, social media and more.

✅ **Easy Text-to-Join:** Enroll and engage your entire community by offering easy text-to-join options for open messaging groups.

✅ **Easy Contact Management:** Managing contact data is easy with Regroup's optional API integration to your existing database to automatically sync employee records, citizen contact information, and more.

✅ **Unlimited Templates, Groups & Admins:** Organize your account to match your organizational hierarchy and prepare unlimited templates for fast emergency and routine messaging.

✅ **Emergency Alerts Made Easy:** Set automatic alerts from NOAA, IPAWS, ShakeAlert and the National Weather Service to keep your community safe and informed

WITH REGROUP, GOVERNMENT DEPARTMENTS ARE BETTER ABLE TO MANAGE WORKFLOWS, ALERT PEOPLE OF CRITICAL EVENTS, PROVIDE VITAL REPORTING ON COMMUNICATIONS AND MORE.

SEND UP TO:

540,000	**120,000**	**80,000**	**30,000**
push notifications per minute	emails per minute	SMS per minute	voice calls per minute

Our platform was built to be robust and reliable. Combine that with our unlimited training and 24x7x365 client support and it's easy to see why Regroup is trusted by local governments and public services nationwide for communicating with staff and the public.
